

2 STROKE FULL SYNTHETIC BIKE & KART ENGINE OIL (FS2ST)

Nulon 2 Stroke Full Synthetic Bike & Kart Engine Oil is an advanced, practically ashless/low ash formulation designed to provide optimum wear protection and low smoke production. Developed with biodegradable ester base oils, it is ideally suited for use in two-stroke engines found in motorcycles, go-karts, scooters and mopeds that use either a premix or oil injection system. Suitable for use in a wide range of recreational, motorcycle and go-kart applications where ester-based products are recommended. Nulon 2 Stroke Full Synthetic Bike & Kart Engine Oil exceeds API TC, ISO EG-D and JASO FD specifications and should be used as per the below ratios. Check your owners handbook for the required mix ratio for your engine.

Benefits

- Low smoke
- Dyed so that your fuel changes colour when you mix it
- Reduces exhaust port blockages
- Low deposits to keep piston rings free
- Enhanced lubricity
- Biodegradable
- Mixes readily with petrol

Recommended for use against the following oil industry specifications:

- American Petroleum Institute (API) : TC
- ISO : EG-D
- JASO : FD

Caution

NOTE: Refer to your motorcycle or equipment service manual for correct lubrication requirements and service intervals.

WARNING: Combustible liquid.

SAFETY: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear protective gloves/protective clothing including eye/face protection.

FIRST AID: Avoid contact with skin and eyes. If contact occurs, wash thoroughly with soap and water. For advice, contact a Poisons Information Centre (e.g. phone Australia 13 11 26; New Zealand 0800 764 766) or a doctor (at once).

ENVIRONMENT: Do not pollute drains, soil or water with used products. After use, dispose of container in a responsible manner.

Do not dispose of to landfill. Disposal of container should comply with local council regulations.

Pack Sizes

Part No: FS2ST-1
1L - 6 per carton
